Title	Missing units in price announcement
Description	The model EQS saloon, when selected under the vehicle category (e.g., saloons), does not display the currency symbol '£' alongside the price.
Severity	Low to Medium (the missing currency symbol may not directly affect the functionality of the flow; it can still cause confusion or inconvenience for users who expect to see the currency symbol alongside the price)
Steps To Reproduce	<ol style="list-style-type: none"><li>1. Navigate to the vehicle selection screen.</li><li>2. Choose the vehicle category "Saloons."</li><li>3. Select the model "EQS Saloon."</li><li>4. Observe that the price is displayed without the currency symbol '£'.</li></ol>
Expected Behavior	The price should be displayed with the currency symbol '£' for consistency and clarity.
attachments	 <p>The screenshot shows a mobile application interface for selecting vehicles. At the top, there's a header 'All models' with a dropdown arrow. Below it, there are tabs for 'Saloons', 'SUVs', 'Estates', and 'Hatchbacks'. The 'Saloons' tab is selected. Under the 'Saloons' section, there are two vehicle cards. The first card is for the 'EQE Saloon' with an 'OTR price starting from £74,345' and an 'Electric' badge. The second card is for the 'EQS Saloon' with an 'OTR price starting from 105,610' (the price is highlighted with a red box) and a 'Diesel' badge. A 'Book a Test Drive' button is visible on the EQE Saloon card.</p>

Title	Dealers outside selected market displayed on map
Description	Upon selecting a vehicle, the map displays dealer locations. However, two dealers from France are shown when the selected market is the United Kingdom.
Severity	Medium (Although functionality remains intact and users can select a dealer within the correct market, the presence of dealers outside the selected market could lead to incorrect selections if users inadvertently choose dealers outside their intended market)
Steps To Reproduce	<ol style="list-style-type: none"> <li>1. Choose the market "United Kingdom."</li> <li>2. Select a vehicle.</li> <li>3. View the dealer locations on the map.</li> <li>4. Observe that dealers from France are displayed.</li> </ol>
Expected Behavior	Only dealers within the selected market should be displayed on the map.
attachments	 <p>The screenshot shows a mobile application interface for finding showrooms. At the top, there's a progress bar with four steps, where step 2 is currently active. Below the progress bar, the title 'Test drive at a Showroom' is displayed. Underneath, there are search options: 'Search by address', 'Search by name', and 'Search by location'. A text input field for 'Search by location' is visible. Below the search options, a message states '221 Mercedes-Benz Showrooms have been found.' The main part of the screen is a map of the United Kingdom and surrounding regions (Ireland, Wales, France). Several Mercedes-Benz logos are placed on the map, representing dealer locations. A red rectangular box is drawn around two logos located in France, near the border with the UK, specifically near the cities of Rennes and Nantes. This highlights the bug where dealers from France are shown when the user has selected the United Kingdom as their market.</p>

Title	Fax contact color inconsistency
Description	Upon selecting a dealer on the map, detailed information about the chosen dealer is displayed. In the contact details section, all information is displayed in blue except for the fax contact, which is shown in black.
Severity	Very low (a minor visual inconsistency)
Steps To Reproduce	<ol style="list-style-type: none"> <li>1. Select a dealer on the map.</li> <li>2. View the detailed contact information.</li> <li>3. Observe that the fax contact is displayed in black.</li> </ol>
Expected Behavior	All contact information, including fax, should be displayed consistently in blue for better readability.
attachments	 <p>The screenshot displays the contact details for Mercedes-Benz of Newcastle upon Tyne. At the top, there is a progress indicator with four steps, where step 2 is currently active. Below this, the dealer's name is shown. A map of the location is provided, with a pin marking the site. Below the map, the address 'Scotswood Road, NE4 7DF Newcastle upon Tyne' is listed. Contact information includes an email address, a website URL, a phone number, and a fax number. The fax number, '+44 191 2267445', is highlighted with a red rectangular box, indicating the area of concern for the reported issue. A blue button labeled 'Select Showroom' is located at the bottom of the contact details section.</p>

Title	Incorrect vehicle model displayed at confirmation screen
Description	The confirmation screen for the selected vehicle displays the model as 'EQS' instead of 'EQE', which was previously selected by the user.
Severity	Medium (creates confusion and inconvenience for users caused by the incorrect display of the selected vehicle model)
Steps To Reproduce	<ol style="list-style-type: none"> <li>1. Select the vehicle model "EQE."</li> <li>2. Proceed to the confirmation screen.</li> <li>3. Observe that the model displayed is incorrect ('EQS' instead of 'EQE').</li> </ol>
Expected Behavior	The confirmation screen should display the correct vehicle model selected by the user.

Title	Stepper bar component missing from the screen
Description	When selecting the date and time for the test drive, the user cannot see the stepper component, which typically indicates the current status of the process as visible on other screens/actions.
Severity	Medium (the absence of a familiar interface element, potentially causing confusion about the current stage of the process)
Steps To Reproduce	<ol style="list-style-type: none"> <li>1. Initiate the process to schedule a test drive.</li> <li>2. Reach the screen to select the date and time.</li> <li>3. Observe the absence of the stepper component.</li> </ol>
Expected Behavior	The stepper component should be visible, indicating the current status of the test drive scheduling process.
attachments	 <p>The screenshot shows a mobile application interface for requesting a test drive. At the top, there is a red-outlined rectangular area, likely a missing stepper component. Below this, the form is titled 'Request EQE Saloon'. It includes a 'Pickup date' field with the value '09/07/2023' and a calendar icon. Below the date, it says 'Please select your preferred time slot'. There are two radio button options: 'Morning' (which is selected) and 'Afternoon'. At the bottom of the form is a blue button labeled 'Request a test Drive'.</p>

Title	Time range displayed instead of time period selection
Description	The requirement is saying that a date and time will be selected. However, the interface displays a time range instead of allowing users to select a specific time (hours interval).
Severity	Very Low (displaying a time range instead of allowing users to select a specific time (hours interval) does not align with the stated requirement)
Steps To Reproduce	<ol style="list-style-type: none"> <li>1. Begin the process of selecting a date and time.</li> <li>2. Observe that the interface presents a time range instead of individual time selection options.</li> </ol>
Expected Behavior	Users should be able to select a specific time (hours interval) as per the requirement.
attachments	 <p>The screenshot shows a mobile app interface for 'Request EQE Saloon'. At the top, there's a close button (X). Below it, the title 'Request EQE Saloon' is displayed. Underneath, there's a 'Pickup date' field showing '09/07/2023' with a calendar icon. The main section is titled 'Please select your preferred time slot'. It contains two radio button options: 'Morning' (which is selected, indicated by a blue dot) and 'Afternoon' (which is unselected, indicated by a grey dot). A red rectangle highlights the 'Please select your preferred time slot' section. At the bottom, there is a blue button labeled 'Request a test Drive'.</p>

Title	Missing email validation
Description	While filling out user details, the email field does not enforce validation, allowing users to input incorrect or invalid email addresses.
Severity	High to very High (absence of email validation poses a significant risk of incorrect data entry, potential communication errors, and could lead to issues such as failed email deliveries or security vulnerabilities)
Steps To Reproduce	<ol style="list-style-type: none"> <li>1. Access the user details form.</li> <li>2. Enter an incorrect or invalid email address in the email field.</li> <li>3. Submit the form without encountering any validation error.</li> </ol>
Expected Behavior	The system should validate email addresses to ensure they adhere to the correct format and prevent input of incorrect or invalid email addresses.

Title	Missing GLA 200 images for vehicle
Description	Upon navigating to the search page and sorting the results by default from low to high on the Price filter, the GLA 200 vehicle card appears with the image missing or corrupted.
Severity	High
Steps To Reproduce	<div>1. Navigate to the search page.</div> <div>2. Sort the results by default from low to high on the Price filter.</div> <div>3. Observe the GLA 200 vehicle card with the missing or corrupted image.</div>
Expected Behavior	The GLA 200 vehicle card should display a clear and properly loaded image alongside other details.

Reporter	Agostinho (AFE)
Title	Incorrect count after selecting filter
Description	Upon selecting the vehicle model filter, such as EQB, the count of available cars matching this filter fails to update accurately.
Severity	High
Steps To Reproduce	<ol style="list-style-type: none"> <li>1. Apply the filter for Model: EQB.</li> <li>2. Sort the prices from low to high.</li> <li>3. Observe the sorting disruption and failure to consider current offers in final prices.</li> </ol>
Expected Behavior	The sorting of prices should remain accurate after applying the filter, considering current offers, and displaying prices from low to high accordingly.
attachments	 <p>The screenshot shows a web application for exploring vehicles. A modal titled 'Vehicle Type' is open, displaying a list of Mercedes-Benz models. The 'EQB' model is selected, indicated by a blue checkmark. At the bottom of the modal, there is a 'Reset (1)' button and a 'Show (0) Available Vehicles' button, which is highlighted with a red rectangular box. The background of the website shows a list of vehicles with details like price and electric range.</p>
